REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The claims are allowable over the cited prior art because the prior art does not teach, disclose nor make obvious the claimed method for treating cocaine dependency, comprising administering a therapeutically effective amount of flumazenil to a human patient in need of such treatment, wherein the amount is effective to treat cocaine dependency.

The prior art of record, Uki discloses the administration of flumazenil in cocaine intoxicated rats for its preventive effect on seizure with the dosage of flumazenil 0.125mg/kg. However, the teaching of Uki comprises administration of flumazenil to a cocaine intoxicated (poisoned) **rats** with the **lethal dose** (0.125mg/kg) and not the therapeutically effective amounts. Therefore, Uki does not teach, disclose nor make obvious the claimed method for treating cocaine dependency comprising a therapeutically effective amount of flumazenil to a human patient in need of such treatment, wherein the amount is effective to treat cocaine dependency. There is no motivation of successfully treating **cocaine dependency** in **human** with **lethal dose of flumazenil** employ by Uki's **cocaine intoxicated** rats.

Pursuant to MPEP 804, since the only remaining rejection is the obvious type double patenting rejection, the instant ODP rejection is withdrawn over 11/111,435. The claims of the instant application are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
